3) Gender Equality in Sport Pilot Program

- Can the MMBCC do anything better to improve female participation in our club?
- Currently 27 female club members, 121 male members

- One suggestion is to NOT post multiple female club members on timing duties at the same time
- MMBCC supports the concept, however, what are the opportunities?
- Noted of the existence of the Wednesday Women's MTB ride currently hosted at Rifle Butts Reserve
- Women have a "social" concept, and less desire to "race"
- Have the clubs "social" rides become not so social?
- How can the club expand our membership base, increasing female rider membership, hence boosting club benefits?
- Need to answer the question of "why should I sign up" to the club. Do we need to "hide" the racing component of the club to attract more female sign ups?
